Community Info: <http://www.orangeville.org/page.php?id=1407&s=285>

This is an incredible opportunity to “try on” a fully electronic family practice close to Toronto. Our clinic is committed to helping orient you prior to starting, including familiarizing you with the community, and our MacMedical system, which is truly a dream to use! We are also interested in expanding our clinic with new physicians, if you wish to stay!
